

Poco's Shakers

Be sure to ask your parents for help when working on this!

What You Will Need:

- a container—ask your parents for an old water bottle, an empty jar, coffee canister, or any similar empty container
- noise makers—dried rice, beans, popcorn kernels, paper clips, marbles, or any other small, hard object that can fit in your container
- glue gun
- anything to decorate your shakers with such as colored yarn, tissue paper, duct tape, markers, stickers, or whatever else you'd

like

Directions:

Step 1:

First, clean your container to make sure that there's no food or drink inside of it.

Step 2:

Have your parents use the glue gun to wrap different colored yarns around a couple of areas of the container. Or use duct tape and any other pieces to decorate the outside of your container. You can add torn tissue paper for a mosaic look

Step 3:

Fill the shaker about $\frac{1}{4}$ full with the fillings of your choice—different fillings will make different sounds!

Step 4:

Seal your container, form a conga line, and shake, shake, shake with your friends!
