

# Nanuk's Silly Snowmen

## Ingredients:

- chocolate crème cookies
- candy eyes
- carrots
- marshmallows
- pretzels
- candy kisses
- gummies
- chocolate chips
- marshmallow crème
- edible glitter or sugar

## Directions:

### *Step 1:*

Take a large plate and spread a large area (about 8"x5") with marshmallow crème. Sprinkle area with edible glitter or sugar.

### *Step 2:*

Take chocolate crème cookies and twist them apart making the body and head of the snowman (place them cookie side down).

### *Step 3:*

Add gummy worms to make the "snowmen's" scarf, pretzels for the arms, and a very small piece of carrot for the nose (use a touch of the marshmallow crème as the "glue" for the nose).

### *Step 4:*

Place two small dots of marshmallow crème for the eyes and then place the candy eyes on them (if you cannot find candy eyes, you can use chocolate chips!).

### *Step 5:*

Place marshmallow crème dots for the buttons and place chocolate chips on them.

*Step 6:* Place a piece of cookie for the hat. Then add a candy kiss for the top of the hat and enjoy!
